MATERNAL PROINFLAMMATORY PROCESSES AND FETAL NEURODEVELOPMENT: INTEGRATING CLINICAL AND PRECLINICAL RESEARCH APPROACHES

Guest Editors: Melissa D. Bauman and Claudia Buss

IN THIS ISSUE - MAY

443 A brief summary of the articles appearing in this issue of *Biological Psychiatry: Cognitive Neuroscience and Neuroimaging*

COMMENTARIES

444 **Maternal Proinflammatory Processes and Fetal Neurodevelopment: Integrating Clinical and Preclinical Research Approaches and Identifying Knowledge Gaps That Warrant Future Collaboration**
Melissa D. Bauman and Claudia Buss

447 **Significance of Maternal Obesity and Gestational Weight Gain for Understanding Inflammatory Physiology and Responses to Infection During Pregnancy**
Christopher L. Coe

REVIEWS

450 **The Influence of Maternal Metabolic State and Nutrition on Offspring Neurobehavioral Development: A Focus on Preclinical Models**
AJ Mitchell, Geoffrey A. Dunn, and Elinor L. Sullivan

461 **Effects of Maternal Psychological Stress During Pregnancy on Offspring Brain Development: Considering the Role of Inflammation and Potential for Preventive Intervention**

Alice M. Graham, Olivia Doyle, Ellen L. Tilden, Elinor L. Sullivan, Hanna C. Gustafsson, Mollie Marr, Madeleine Allen, and Kristen L. Mackiewicz Seghete

471 **Maternal Immune Activation Hypotheses for Human Neurodevelopment: Some Outstanding Questions**

Thomas G. O'Connor and Allison A. Ciesla

480 **Adverse Prenatal Exposures and Fetal Brain Development: Insights From Advanced Fetal Magnetic Resonance Imaging**

Josepheen De Asis-Cruz, Nickie Andescavage, and Catherine Limperopoulos

491 **Translational Utility of the Nonhuman Primate Model**

Alice F. Tarantal, Dennis J. Hartigan-O'Connor, and Stephen C. Noctor

498 Maternal Inflammation During Pregnancy and Offspring Brain Development: The Role of Mitochondria

*Lauren E. Gyllenhammer,
Jerod M. Rasmussen, Nina Bertele,
Amy Halbing, Sonja Entringer,
Pathik D. Wadhwa, and Claudia Buss*

510 Primate Models as a Translational Tool for Understanding Prenatal Origins of Neurodevelopmental Disorders Associated With Maternal Infection

Amy M. Ryan and Melissa D. Bauman
